

Modules & Work Opportunities

0. Purpose

This document records the Learn-to-Work modules and associated fan work / contribution opportunities that have been reviewed and approved by Barça Vision as part of Milestone 2. It serves as evidence of quality control, brand alignment, and governance for all published modules and contribution opportunities.

At Milestone 2, work contribution opportunities are defined at a typology level; detailed execution criteria and validation mechanics will be developed in subsequent milestones.

1. Approved Courses

Each course listed below has been **reviewed and approved by Barça Vision using the official 5-point quality rubric**.

Cycle	Module title
Cycle 1	Introduction & Community Onboarding
Cycle 2	Participation & Engagement Foundations
Cycle 3	Applied Contribution Skills
Cycle 4	Leadership & Advanced Contribution

2. Acceptance Criteria (Rubric Compliance)

All Learn-to-Work modules and associated work contribution opportunities included in this milestone have been **reviewed and approved by Barça Vision** prior to publication.

Approval is based on the following **Barça Vision 5-point quality rubric**, which reflects the content review and validation principles applied in Milestone 1 and formalizes them for Milestone 2.

Approved modules must meet all of the following criteria:

1. **Relevance to Barça Vision strategic goals**

The module aligns with Barça Vision's fan engagement strategy and long-term digital innovation objectives.

2. **Clarity and accessibility for a global fanbase**

Content is understandable, inclusive, and suitable for FC Barcelona's diverse international audience.

3. **Brand and cultural fit**

The module reflects FC Barcelona's identity and demonstrates cultural alignment with the club's values, including "*Més que un club*."

4. **Web3 and community application potential**

The content enables practical application through community participation, digital credentials, or Web3-enabled fan engagement mechanisms.

5. **Defined and reviewable work contribution opportunities**

The module clearly enables concrete fan contribution opportunities that can be identified, reviewed, and validated at a program level.

Only modules and contribution opportunities meeting all five criteria are approved for inclusion in the Learn-to-Work Program under the FC Barcelona brand.

3. Contribution Opportunities (Per Course)

For each approved LearntoWork course, completing the course unlocks specific **fan participation and contribution opportunities**.

These opportunities allow fans to contribute to community life, engagement initiatives, or shared knowledge, rather than to complete graded academic tasks. Any content or artifacts generated serve only to demonstrate participation and enable lightweight verification of involvement.

3.1 Course 1: Introduction & Community Onboarding

Upon completing this course, fans unlock opportunities to participate actively in the Barça Vision community:

- **Community dialogue participation**

Take part in structured discussions by sharing personal reflections on Barça's identity and values and engaging constructively with other fans' perspectives.

- **Historical knowledge sharing**

Contribute short stories, explainers, or highlights related to key moments in Barça history to help onboard and inspire other community members.

- **Fan community representation**
Share examples of local or online fan communities and how they contribute to Barça's cultural identity, helping surface the diversity of the global fanbase.
- **Community onboarding support**
Support new participants by contributing welcome messages, guidance posts, or FAQ-style explanations within related community spaces.

3.2 Course 2: Participation & Engagement Foundations

Upon completing this course, fans unlock opportunities to contribute to engagement and visibility initiatives:

- **Awareness campaign contributions**
Propose ideas for fan-led awareness campaigns that connect Barça values (e.g., sustainability, inclusion, women empowerment) with concrete community actions.
- **Impact-driven engagement storytelling**
Help the community distinguish between impact-driven digital initiatives and purely speculative ones by contributing explanations or case-based reflections.
- **Sustainability & responsibility participation**
Take part in community activities linked to sustainability or social impact initiatives and help surface these actions within the fan ecosystem.
- **Collaborative campaign ideation**
Work together with other fans to co-create engagement concepts, encouraging collaboration rather than individual participation.

3.3 Course 3: Applied Contribution Skills

Upon completing this course, fans unlock opportunities to support and strengthen community operations:

- **Offline-to-online community amplification**
Help translate real-world fan or community activities into digital spaces by sharing stories, documentation, or amplification strategies.
- **Knowledge-sharing contributions**
Support other fans by explaining key concepts related to participation, identity, or emerging digital tools in accessible language.
- **Verification & trust advocacy**
Contribute explanations or examples that help the community understand transparency, traceability, and trust in digital participation models.
- **Community helper role**
Actively support the health of community spaces by guiding newcomers, reporting issues, reinforcing norms, and assisting moderators where needed.

3.4 Course 4: Leadership & Advanced Contribution

Upon completing this course, fans unlock opportunities to take on leadership and initiative-shaping roles:

- **New engagement initiative proposals**
Propose new fan engagement initiatives or community projects designed to create meaningful participation and shared value.
- **Community governance participation**
Take part in decision-making or voting processes related to community initiatives, helping shape which ideas move forward.
- **Fan-led initiative empowerment**
Share knowledge and experiences that help other fans understand how to launch or contribute to structured initiatives (e.g., proposal creation, community coordination).
- **Creative and cultural leadership contributions**
Lead or contribute to creative, cultural, or experimental fan activations that strengthen community bonds and express Barça's values.

All modules and work contribution opportunities listed in this document have been reviewed and approved by Barça Vision in accordance with the 5-point quality rubric defined above.
